The 2007 Anchor

Principal's Letter to the Class

"A lifetime of opportunity awaits you and your considerable talents."

TO THE CLASS OF 2007

Let me be one of the first to congratulate you on the completion of your high school education. You have arrived at a very exciting crossroad in your young lives, and I encourage each of you to bask momentarily in your current accomplishment before striking out on new adventures.

Many of you leaving Manchester Essex have had extraordinary high school careers. I beg you not to live in the memories of them. Continue utilizing the skills and talents that have allowed you to be successful, but constantly assess your path, your direction, to ensure that it leads towards your personal goals and to the fulfillment of your beliefs. Some of you have not had the easiest time in high school and may not view your time at MERHS as the best years of your life, however, a lifetime of opportunity awaits you and your considerable talents.

Each of you has demonstrated that you have the requisite skills to lead a successful life and now it is up to each of you to define for yourself what a successful life will include. I envy you for the opportunities that lie before you and wish for your fulfillment in your adult endeavors. May each of you remember the classmates that have accompanied you on this early journey, and use the foundation of family, friends, and community to build for yourself a rich and wonderful life.

Congratulations,
Principal James Lee

Dedication

The graduating class of 2007 would like to dedicate our yearbook to Mary Lumsden. From the very first day of high school, she was the warm and welcoming face we instantly learned we could trust and respect. We all recognize the hard work and devotion she puts forth into everything she does. There is never a day when one will not find her doing all she can to help those around her and, for us, that is something we will always greatly appreciate. Although her own children have graduated, she still supports, loves, and helps us as though we are all her own. From filling in as the nurse, the vice principal, the guidance counselors, and even the principal on a rare occasion to taking the time to cheer us on at our sporting events, Mrs. Lumsden is someone that will be very hard to forget. Thank you so much for everything, literally!

Love,
The Class of '07

[2007]

Senior Class

You ready?! Let's go!
Yeah, for those of you that want
to know what we're all about
It's like this y'all (c'mon!)

Senior Advisor Thanks

The class of 2007 would like to recognize Mr. Bilsbury for all that he has done throughout the last three years. He has proven to us that he is someone we can trust and depend on to guide our class to the end.

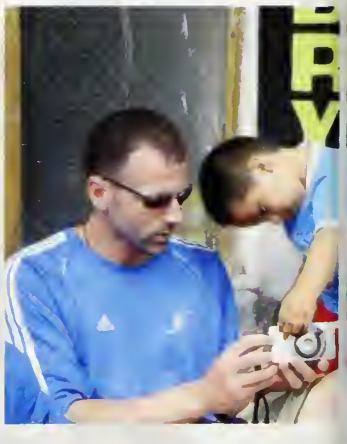
As a first year senior advisor, Mr. Bilsbury has impressed us all with his ability to organize such events as the silent auction, battle of the bands, haunted house, and prom that have provided the money to ensure us a memorable senior year. Without his guidance and leadership, our class might not have grown into the close family that we are today.

Thank you for all that you have done for us; we truly do not know what we would have done without you!

Love, The Class of 2007!

"With Mr. Bilsbury, there is never a dull moment. He always gives us constant encouragement and support!"

-Chelsea Mann



These Are Days

These are the days
These are days you'll remember
Never before and never since, I promise
Will the whole world be warm as this
And as you feel it,
You'll know it's true
That you are blessed and lucky
It's true that you
Are touched by something
That will grow and bloom in you

These are days that you'll remember
When May is rushing over you
With desire to be part of the miracles
You see in every hour
You'll know it's true
That you are blessed and lucky
It's true that you are touched
By something that will grow and bloom in you

These are days
These are the days you might fill
With laughter until you break
These days you might feel
A shaft of light
Make its way across your face
And when you do
Then you'll know how it was meant to be
See the signs and know their meaning
It's true
Then youll know how it was meant to be
Hear the signs and know they're speaking
To you, to you

Never before and never since, I promise

Will the whole world be warm as this

This high school was filled with wonderful people, students and faculty that you wouldn't be able to find any place else. I never felt more at home than I did going to school and knowing everyone. I thank everyone and especially my parents, Whitey and Becky, who supported me through my four years of high school. My DJ business would have never reached the level it has without all of my friends and family who sopported me by coming to my shows, promoting me, or helping me make business decisions. Athletically, I want to thank all of my coaches for putting in years of effort to develop me as a competitive athlete in golf and swimming. I wish all the luck to my classmates and I hope to see you in the future where "you can find me in da club spinnin' beats like duh, so come give me a hug."

Max Thomas Baun

Those who have been recquired to memorize the world as it is will never create it as it might be. I want to thank my mom and my dad who I couldn't find pictures of to use in my half page, my brothers for being my friends and making me who I am, the Coons family for pretty much adopting me, and all my friends and bands that I've had over the years. Tyler who never let me grow up, wrote lots of songs with me, and wasted days of our lives playing video games, and was pretty much the coolest loser in town with me. All the awesome teachers I've had Mr. Gray who knows everything, and Portero! Bils who made me a part of who I am, and Bobby who's my best bud that helped me through a lot while also making me a sweet guitar on the side. BSA friends are all awesom. That's all I got rock on have a good life. PYW

Alexander Fernan Booker

I want to say thanks to all my friends and family for putting up with all my good, bad, brainless and just plain dumb things I have done in life. I especially want to thank my friends who are just as dumb, Bowman, Dirt, Benny, Larry, Eaton, and almost everybody else in the entire town. This last year at MERIS was by far the best of all the years of school. Spinnin' the beach, High Society, chillen at Masco, and most of all, Joes stoop. Most of all, I want to thanks my parents for dealing with everything I have done and always having confidence in me, to at least try to me successful. Everybody keep just keep chillen and get ASAP and make High school as messed up as possible so we can get a laugh.....PUT UM UP!!!!

You mean so much to me, and I am so thankful for all you have taught me. I'll never forget hottubbin, camping, beaching, and all other inappropriate shenanigans. Never step rockin, and don't stop believin'. "We love life, not because we are used to living, but because we are used to loving. There is always some madness in love, but there is always some reason in madness."

Congratulations! We made it!

Memories, memories, and more memories. Over the past four years my life has been filled with a boatload of new memories. Some that I would like to forget and some that I will keep with me for the rest of my life. Some good times I have shared with my friends, and I would like to thank them for making my high school experience the best it could be. So thanks Essex boys ZB, PO, JM, CA, AL, and JG for always sticking together and the Manchester crew ET, CR, KD, JE, EV, CM, TD and who ever else I missed for allowing us Essex kids to be welcomed and to always have a good time. All I have to say guys, is let's just let the good times roll on.

I have spent 13 out of the soon to be 18 years of my life at manchester essex schools. Whether sitting in the tree an memorial school out side of the 6th grade wing and falling asleep next to Larry's desk on the first day of sixth grade or now sitting at the senior benchs. I will have so many fond memories between George Darahs stain defenders and Mr. Conlin's Will Feril Quotes I will always remember this school good or bad no matter how far away I get pretty far I hope.

I remember sitting in the cafe freshman year hearing all the teachers say, "these four years are going to pass so quickly, so take everything in, and don't be in a rush to grow up." I was thinking right, these years are going to take forever to go by...Well now we are all seniors and actually graduating, and it has been the fastest, scariest, and most enjoyable 4 years of my life. Thank you so much Mom, Dad, Shirley, Mimi, and the rest of my family for your support throughout my highschool years, and pushing me to go further, and to be the best I can be in life. I love you all so much, and i can't believe I will actually br leaving soon. I am going to miss my friends the most...you know who you are. Remember the Good Old Days?

To Our Senior Class

Congratulations to the class of 2007! We are about to accomplish what we set out to do so many years ago. From the first day of junior high, we have envied those who made it to where we are now. Although we have struggled to get here, we have fought together, and we have truly become a class that values one another. It is undeniable that we all have our close friends, however, that was never an obstacle for this class when it came to treating everyone with the same respect and kindness. The different personalities, talents, ideas, and ambitions of our class made it possible for us to create a high school experience of which we can be proud. We have done our best to make this yearbook something that you can value and look back on to remember the times we shared together at Manchester-Essex Regional High School. We hope you enjoy it, and we wish you the best of luck!

Love your editors,
Marisa, Mary, and Jess

Gone Clubbing?

To My Marvelous Editors...

As I look back now on a successful completion of the 2007 Anchor, I can't help but marvel at the wonderful work that the three of you have done on this book. Your creativity, organization, and focus, during some difficult circumstances, have truly made this book a beauty. As this is the last yearbook which I will be involved with, I am truly excited for the result. Wonderful job!

Best of luck in the future, my creative editors!
Mrs. Kesterson

MARY

In many ways, you have been the "quiet" editor. Very much behind the scenes, you have done the job with focus, but not much fanfare. I am very proud of the job that you have done, and I hope that you are as well.

JESS

You have come up with some incredible ideas to help make this yearbook fit the Class of 2007. Your understanding of your classmates, and drive to include those elements which uniquely fit them, I have truly appreciated.

MARISA

You have helmed this ship with great pride and determination, and can't express my gratitude for doing so much for the yearbook, and being such a dedicated editor in chief.

Good Luck 2008 Editors!!

To the 2008 EdItOrS!
The yearbook is an exciting experience and it is a great feeling to be able to have so much input in it. This is a chance to let your creativity shine. It is important to have fun while you create this book and not to rush through it. You want to make this a treasure that your senior class can look back upon and remember the high points of high school. The best advice I can give to you is make sure you include everyone and everything that contributed to your high school experience. Have fun with this and you'll do great!
Love, Mary Golden

Dear SENIOR editors, how does it feel to finally be on your way out? You should be happy to have been chosen to edit your class of '08 yearbook because it is truely a wonderful, memorable, and even tear jerking experience. Having been in your shoes (back in my day) I now know that it is crucial to be obsessed with every single detail, picture, template, quote, lyric, everything. Don't give up on a page until you are 110 percent satisfied; believe me. I have complete faith that you will make the 2008 yearbook something very special. Congrat's and good luck girls!
Love, Jess Brown

First, I want to say CONGRATS!!
Here is some advice that will hopefully make your experience as less stressful as possible. The best thing to do is set deadlines for yourself. Not just any deadline though...the deadlines you set for you and your staffers need to be at least 2 weeks ahead of the deadline set by the publisher. The reason is so that if anything unexpected comes up, you will be prepared with extra time so you won't miss the publisher's deadline. Also, CANDIDS, CANDIDS, CANDIDS!!! Get them **early** and **lots** of them.
Good Luck!!
Love, Marisa

Mama told me when I was young
Come sit beside me, my only son
And listen closely to what I say.
And if you do this
It will help you some sunny day.
Take your time... dont live too fast.
Troubles will come and they will pass.
Go find a woman and youll find love.
And dont forget son,
There is someone up above.

(chorus)
And be a simple kind of man
Be something you love and understand.
Be a simple kind of man.
Wont you do this for me son,
If you can?

Forget your lust for the rich mans gold
All that you need is in your soul.
And you can do this if you try.
All that I want for you my son,
Is to be satisfied.

(chorus)

Boy, dont you worry... youll find yourself
Follow you heart and nothing else.
And you can do this if you try
All I want for you my son,
Is to be satisfied
